Note

Note

1. Relevant product parameter descriptions have been addressed on the corresponding pages and will not be repeated here. For details, please refer to the specific instructions on each page.

2. The weight of the phone is about 215g, and the weight of the screen protector may add an additional 3g. The size and weight of the mobile phone may vary according to configuration, manufacturing process and measurement method.

3. Due to the mobile phone system file occupying space (including Android system and pre-installed apps), the available memory capacity is less than this value. Storage capacity will vary based on software version and may vary from device to device.

4. Photo pixels of different camera modes may vary, please refer to the actual situation. Video pixels of different shooting modes may also vary, please refer to the actual situation.

5. The battery of OnePlus Nord CE6 adopts a single-cell design, with a typical capacity of 8000 mAh; typical energy: 31.36Wh. The rated capacity is 7830 mAh; rated energy: 30.7Wh. The battery is non-removable.

6. Product pictures and content on the page are for illustrative purposes only. The actual results (including but not limited to appearance, color, size) and the screen display content (including but limited to background, UI, and picture) may vary.

7. Numbers are theoretical, obtained under a controlled test environment (see each specific description) and provided by the supplier or the OnePlus laboratory. Actual performance may vary due to individual product differences, software versions, use conditions and environmental factors. Please refer to the actual experience.

8. Due to the real-time changes in product batches and supply factors, in order to provide accurate information on product information, specifications, and product characteristics, OnePlus may adjust and revise the text descriptions, picture effects, and other content on the above pages in real time to match the reality of the product performance, specifications, index, parts and other information; in the event that page modifications and adjustments are necessary, no special notice will be given.

9. The highest reported SAR value: Head SAR: 1.154W/kg; Body SAR: 0.811W/kg.

About this item

- **STUNNING TITANIUM DESIGN** — iPhone 16 Pro Max has a strong and light titanium design with a larger 17.43 cm (6.9") Super Retina XDR display. It's remarkably durable with the latest-generation Ceramic Shield material that's 2x tougher than any smartphone glass.
- **BUILT FOR APPLE INTELLIGENCE** — Apple Intelligence is the personal intelligence system that helps you write, express yourself and get things done effortlessly. With groundbreaking privacy protections, it gives you peace of mind that no one else can access your data — not even Apple.
- **TAKE TOTAL CAMERA CONTROL** — Camera Control gives you an easier way to quickly access camera tools, like zoom or depth of field, so you can take the perfect shot in record time.
- **MAGNIFICENT SHOTS**— Take your videos to a whole new level with 4K 120 fps Dolby Vision, enabled by the 48MP Fusion camera. The improved 48MP Ultra Wide camera lets you capture mesmerising detail in macro photos and wide-angle shots.
- **PHOTOGRAPHIC STYLES** — The latest-generation Photographic Styles give you greater creative flexibility, so you can make every photo even more you. And thanks to advances in the image pipeline, you can now reverse any style, any time.
- **Market/Street Price:** Approximately ₹1,27,490 – ₹1,34,900 for the base variant, depending on retail bank offers.
- **Storage Variants:** 256 GB, 512 GB, and 1 TB.
